

Professional Summary

Frontend Developer with strong experience building responsive web and mobile applications using modern JavaScript frameworks including React and Next.js. Experienced in cloud fundamentals through AWS certification and trained through the AmaliTech technology program. Passionate about building scalable products, collaborating in teams, and solving real-world problems through clean and efficient code.

Key Skills

JavaScript, React.js, Next.js, HTML, CSS, Tailwind CSS, React Native, Flutter, REST APIs, MongoDB, Git, GitHub, UI/UX Design (Figma), Solidity, HardHat, AWS Cloud Fundamentals

Hackathon Awards & Competitions

1st Place Winner | *Arbitrum (ARB Builder House Hackathon) HackerBoost & DeFi Africa* | February 2025

- Architected **ScholFii**, a decentralized GameFi and staking protocol utilizing Solidity, Chainlink VRF, and secure Oracle routing.

1st Place Winner | *ApeChain (Africa Hackathon) HackerBoost, ApeChain & DeFi Africa* | May 2025

- Engineered **Cetawave**, a full-stack decentralized savings and lending platform. Architected smart contracts for channel-based liquidity and DAO-style loan governance, integrated with a Next.js and React Native ecosystem.

1st Runner-Up | *Innovation Hackathon Enactus CKT-UTAS* | Feb 2025

- Developed an AI-powered agricultural tool integrating multimodal LLM vision endpoints to dynamically detect and diagnose crop diseases from user-uploaded images.

Professional Experience

Frontend Engineer, AmaliTech, Kumasi, Ghana | Nov 2025 - Present

- Participated in an intensive software engineering program focused on frontend development, modern JavaScript frameworks, and industry best practices.
- Built production-ready interfaces using React, component-driven architecture, and modern tooling
- Collaborated in agile teams, contributing to real-world projects and code reviews

Software Developer Intern, Noni Hub, Wa Ghana (Sep 2024 – Dec 2024)

- Developed responsive interfaces using React.js, HTML, CSS, and Tailwind CSS.
- Served as primary frontend developer for an Enterprise Resource Planning (ERP) system.
- Mentored junior developers through frontend training sessions.

Intern (Frontend developer), Noni Hub, Wa, Ghana | September 2023 - December 2023

- Led web development sessions for trainees

Frontend Developer Intern, Xcelsz Property Solutions, *Remote, Ghana* | January 2022 – May 2022

- *Contributed to a development team building the company's flagship project*
- *Utilized HTML, CSS, and PHP (Laravel) to create responsive and dynamic web pages*

Frontend Developer, Northway Commerce Hub, *Wa, Ghana* | September 2021 – December 2021

- *Collaborated closely with the Senior Developer to successfully deliver the company's first Minimum Viable Product (MVP)*
- *Designed and implemented the MVP's dashboard using React.js, enhancing user experience and functionality*

Education

Undergraduate, Information Technology, C.K Tedam University of Technology and Applied Sciences,
Navrongo, Ghana

High School, General Arts, T.I Ahmadiyya Senior High School, *Wa, Ghana*

Additional Training & Certifications

AWS Certified Cloud Practitioner – Amazon Web Services | 2026

Microsoft Learn Student Ambassador – Microsoft | 2023
